Identity Theft

This article is not meant to replace sound legal advice. It presents tips and advice on how to prevent identity theft.

In This Issue:

- Identity Theft
- Employee Profile
Scott Montgomery
- Cage Maintenance
Tips
- In-Stock Specials
- Snyder Staff News
- Conventions/Trade
Show Schedule

*Snyder
welcomes
66 new
clients since
our last
newsletter.*

*Our goal is
to provide
superior
products
with
friendly
and prompt
assistance
to all our
clients!*

1. *Do not sign the backs of your credit cards. Instead write "Photo ID Required".*
2. *When you write checks to pay your credit card accounts, DO NOT put the complete account number on the memo line. Instead, only put the last 4 digits of your account number. Your credit card company knows the rest of the number and anyone who might be handling your check as it passes through all the check processing channels won't have access to it.*
3. *Put your work phone number on your checks instead of your home phone. If you have a PO Box use that instead of your home address. If you do not have a PO Box use your work address. Never have your social security number or other sensitive information printed on your checks.*
4. *Duplicate the contents of your wallet on a photocopy machine. Copy both sides of each card including your driver's license, ID card, credit cards, etc. You will know what you had in your wallet and have all of the account numbers and phone numbers to call to cancel in case your wallet is lost or stolen. Keep the photocopy in a safe place.*
5. *Cancel ALL credit cards if they are lost or stolen IMMEDIATELY!*
6. *File a police report immediately if your wallet or purse is stolen. Be sure to do this in the same jurisdiction that the theft occurred. This proves to credit providers that you were diligent, and this is the first step toward any investigation needed.*
7. *Call the 3 national credit-reporting agencies and the Social Security Fraud numbers to place a FRAUD ALERT on your name and social security number. A fraud alert just puts a note on your credit files that there has been suspected fraud and that NEW creditors should contact you by phone to authorize credit. Here are the necessary phone numbers:*

EQUIFAX: 800-525-6285

EXPERIAN: 888-397-3742

TRANSUNION: 800-680-7289

SOCIAL SECURITY ADMIN (FRAUD LINE): 800-269-0271

To order a free annual credit report (1 or all 3) call Central Source at 1-877-322-8228 or order on-line at www.annualcreditreport.com.

Lastly, ALWAYS shred anything that has a signature, account number, social security number, medical or legal information or credit offers.

Employee Profile – Scott Montgomery

Scott started at Snyder Mfg. in 2004 at our East plant working in the run production area. He is now the Run Department Foreman.

He likes to spend time with his son, Adam, and they both like hunting and fishing. His favorite time of year is spring and he enjoys watching comedy shows and "CSI".

Scott's favorite Snyder product is the kennel runs because he likes to see that what we are building can make the animal "clients" comfortable and safe. He especially appreciates shelters and humane societies because they help make sure that abandoned or abused animals have a safe place to be cared for.

Cage Maintenance Tips

Here are some helpful **DO's** and **DON'T's** to ensure your cages have a long lasting future.

DO:

*Repaint any scratches on the exterior portion of your cages with commercial-grade paint. (Paint can be ordered directly from Snyder or a close match can be obtained at most paint stores.)

*Make sure the paint has an enamel base if you do not purchase the paint from Snyder Mfg. Co.

*Treat your cages like a piece of furniture. Snyder cages are a wood-based product.

*Maintain the integrity of the gate handle tension. Adjust the gate handle tension periodically for a smooth and accurate feel. Snyder Mfg. Co. has a specific information sheet entitled, 'How To Adjust Your Gate Handles' and a gate parts list, should you require it.

DON'T:

*Hose, steam spray or overuse a wet application to clean the interior OR exterior of your cages.

*Stack heavy objects or place containers with liquid on top of your cage banks. Heavy objects, like bags of dog food will eventually make your cage tops sag.

*Spill liquid soaps & shampoos, disinfectants or other similar cleaning products on or in the cages. These will act as a paint remover and expose your cages to premature wear and tear.

*Allow a damaged or broken gate to go unattended. If you have a gate that has been abused to the point of having to replace some gate rods, or any of the gate hardware is missing, let us help. Talk to our technical support personnel to order replacement parts or to get more information about how to perform simple gate maintenance or repair.

For any questions, call Snyder's Tech Support at 1-800-422-1932-dial 0 and ask for cage technical support.

In-Stock Specials

There are 2 categories of in-stock product, NEW and USED. New in-stock is just that, new product ready to ship. This product has our full warranty and is priced as new. New in-stock often includes dryers and ICU's. Used in-stock product has seen some use, usually as exhibits at our trade shows. This product is priced at a discount.

Any in-stock product is available NOW and ready to ship as soon as shipping and payment arrangements can be made.

Here are some sample pictures of our in-stock cages.

To learn more or to get a copy of our complete list of in-stock items (including drawings, dimensions and accessories for each cage) please call 1-800-422-1932.
